A SEAT IN THE CAB.

President Roosevelt Viewed Scenery Around Famous Horseshoe Curve From the Engine.

A RIDE OF ABOUT FIFTY MILES.

During That Time a Tunnel Nearly a Mile Long Was Traversed and Much Smoke Entered.

Rather Dusty and Begrimed the Chief Magistrate Left the Locomotive and Took His Place in His Palatial Car.

Pittsburg, Pa., April 2.—President Roosevelt viewed the scenery around the famous horseshoe curve Wednesday afternoon from a seat in the cab of a locomotive attached to his special train, and after a ride of about 50 miles expressed himself as delighted with the experience. When his special train reached Altoona at 4:50 o'clock Wednesday afternoon the president alighted from his car and walked rapidly to the front of the train. Two locomotives were coupled to it ready to pull the heavy cars over the Allegheny mountains and the president shook hands with the crew of each. He then climbed into the cab of the rear locomotive. In the cab with him were Secretary Loeb, Trainmaster A. Kelsner, Special Engineer Robert McLaren, the regular engineer, H. T. McCormick, and Fireman H. W. Hunter. As he took his seat the president remarked that "Being a member of the Brotherhood of Locomotive Firemen, I think I ought to take my turn at feeding the furnace," but he did not shovel coal. When Galitzen, the crest of the mountains, was reached, the front locomotive was detached from the train and the run to Seward was made with one locomotive. At Seward the president descended from his seat and, after shaking hands with the engineers and firemen, went back to his car, rather dusty and grimy.

While the president's locomotive occupied second place on the train a tunnel nearly a mile long was traversed and, although the cab was protected by windows and doors, much smoke found its way in. While the president sat in the cab the speed of the train did not exceed 45 miles an hour.

Outside of his ride in the cab, the president passed an uneventful day, devoting a large portion of the time to reading. Brief stops were made at Baltimore, Harrisburg and Altoona, but only at Harrisburg did the president make a speech. Although no speech was scheduled for Harrisburg, Mr. Roosevelt appeared on the rear platform of his car and delivered a short address which was received with many cheers by the large crowd.

Denver, Col., April 2.—A cowboy breakfast will be given to President Roosevelt at Hugo, Col., on the morning of May 4. If plans now under way are carried out. The president's train will be compelled to stay at Hugo for 25 minutes and 2,000 stockmen are trying to arrange with the railroad officials to have the train delayed 30 minutes longer so that the breakfast may be given. Dressed in working clothes, 200 cowboys will give the breakfast its name.

DOOMED TO DIE.

J. W. Bess Laughed as He Heard the Verdict Announced.

Lexington, Ky., April 2.—J. W. Bess has been convicted of the murder of his paramour, Mrs. Martha Martin, and his punishment fixed at death. The case was given into the hands of the jury at 7 o'clock Wednesday night, and the verdict was read in court at 9:12 o'clock. The closing scenes of the trial were one sensation after another, in that the culprit fell into a trap that had been laid for him by the prosecution, and he was practically convicted on his own testimony.

While the jury was deliberating the prisoner sat in the courtroom with his son and some intimate friends. With these he talked and laughed incessantly, as if enjoying the situation. When the verdict was read a smile crossed his face, and when told by his counsel not to worry, as they would do all they could to save him, he replied laughingly, and in a tone of voice loud enough to be heard all over the courtroom: "That verdict don't worry me. I am an innocent man, and you can bet I'll sleep as sound to-night as any of you will."

A NEW COURTHOUSE.

The Contract Price Was Less Than Was Authorized.

Russellville, Ky., April 2.—The contract for the new courthouse was Wednesday finally let to Robert P. Manley, of Atlanta, Ga., at \$33,000. The court had authorized \$40,500. The contractor, by bond, guarantees that the house will be completed by January 1, 1904. The new structure is to be of Logan county stone, heated with steam, lighted with electricity, and is to be perfectly fire-proof. There will be an office for each county official, including spacious vaults for the records.

The old courthouse was sold at auction to Contractor Manley for \$220. Mr. Manley agreeing to remove it before April 20. Work will begin Saturday on the new building.

IT WAS DISSOLVED

Judge Adams Annuls the Injunction Recently Issued Against the Wabash Railroaders.

THE NEXT MOVE IS PROBLEMATIC.

President Ramsey is En Route to Cairo, Egypt, to Attend a Daughter Who Is Ill.

At Wabash Headquarters It Is Said That An Amicable Adjustment of the Difficulties Is Hoped For.

St. Louis, April 2.—In the United States district court Wednesday Judge Elmer B. Adams handed down a decision dissolving the injunction granted March 3, restraining officials of the Brotherhood of Locomotive Firemen and Railroad Trainmen and other labor leaders from influencing in any way or ordering the men employed on the Wabash system to strike. The temporary injunction had been granted by Judge Adams on allegations made by officials of the Wabash system that the defendants were conspiring to interfere with inter-state traffic and the transmission of United States mails.

What the next move will be on either side is problematical. At Wabash headquarters it was said that an amicable adjustment of the controversy was hoped for. The same sentiment was expressed by the few representatives of the trainmen and firemen now in St. Louis. Counsel for both sides spent Wednesday afternoon in conference but no agreement was reached. The keynote for amicable settlement was sounded by Judge Adams himself in rendering his decision. He said:

"I can not conclude this opinion without expressing the sincere wish of the court that if the parties are unable to adjust their differences by such mutual concessions as are necessary to that end, the offer made in open court by defendants' counsel to submit the questions in dispute to the board of arbitration provided for by the act of congress of 1898, will be speedily accepted and another instance of rational and intelligent adjustment of a business difficulty be exhibited to an expectant public."

Judge Adams announced that court would be in session, "so that in the event of any molestation of, or interference with, inter-state commerce or the mail service, all its lawful powers may be invoked to restrain the same, with the confident assurance that they will be fearlessly and effectively exercised."

President Ramsey, of the Wabash, is at present en route to Cairo, Egypt, to attend his daughter, who is ill. Geo. J. Gould arrived early Wednesday night on his annual tour of inspection. Grandmaster Hannahan, of the Firemen's Brotherhood, arrived from Indianapolis Wednesday afternoon. He was non-committal, saying:

"I have absolutely nothing to say at the present time."

While none will express his opinion as to the next probable move on either side, remarks indicate that every effort will be made by each side to effect a settlement and to avert a strike. But if a settlement is not effected the understanding seems to be general that a strike will result.

STEERABLE BALLOON.

It Was Successfully Tried at Moisson, Near Nantes, France.

Paris, April 2.—The Petit Parisien Thursday morning says that the steerable balloon belonging to Pigeon and Paul Lebaudy was again successfully tried Wednesday at Moisson, near Nantes. The airship ascended, executed a number of maneuvers and followed the Seine for some distance. It then returned and was brought to ground easily 100 yards from the starting point. M. Lebaudy's airship made several free ascents and maneuvers last November and the experiments were then declared to be successful.

Pilots' Wages Increased.

St. Louis, April 2.—An advance of 25 per cent in wages was granted river pilots by steamboat owners Wednesday. This will avert a strike that it was feared would paralyze river traffic. The new rate, which goes into effect at once, gives the pilots \$125 and \$150 a month. Formerly the minimum paid was \$100.

AUTOMOBILE ACCIDENT.

Count Zeborowski Killed and the Chauffeur Died Later.

Nice, France, April 2.—Count Elliott Zeborowski, of New York, was killed in an automobile hill climbing race between here and La Turbie. The count was a native of Boston, belonging to the well known family of Elliotts of that place. He was graduated from Harvard and was very wealthy. The body of the count was brought to the chapel of his chateau here and his wife was notified. When she arrived at the chapel an affecting scene took place.

Later it was announced that Zeborowski's chauffeur was Baron de Pallange. The baron became a professional automobilist recently.

The trip Wednesday was the first one that Zeborowski had made over the route and he was not acquainted with its dangers. His machine was going at a speed of 90 kilometers an hour at the time of the accident.

The committee in charge of the trial races has postponed the meeting.

Baron de Pallange, who acted as Count Zeborowski's chauffeur, died Wednesday night of the injuries he received when he was thrown from the car. The witnesses of the start of the race say that Zeborowski showed considerable nervousness while awaiting his turn, he being the fifth starter.

PUBLIC DEBT STATEMENT.

There Was An Increase of \$1,631,021 During the Month of March.

Washington, April 2.—The monthly statement of the public debt shows that at the close of business March 31, 1903, the total debt, less cash in the treasury, amounted to \$939,603,909, an increase for the month of \$1,631,021. This increase is accounted for by a corresponding decrease in amount of cash on hand.

The department is recapitulated as follows:

Interest bearing debt, \$914,541,370; debt on which interest has ceased since maturity, \$1,230,000; debt bearing no interest, \$396,754,437. Total, \$1,312,515,907. This amount, however, does not include \$890,007,069 in certificates and treasury notes outstanding which are offset by an equal amount of coin on hand held for their redemption.

FOUGHT A DUEL.

Thouret Wounded in the Forearm By Marcel Prevost.

Paris, April 2.—Marcel Prevost, the author, and M. Thouret, the brother of the young woman who fired two shots at Prevost last Monday, fought a duel at the Cheri establishment at Neuille Wednesday morning.

The duel was carried out under circumstances of unusual secrecy. The meeting was at noon and only the principals, their seconds and the doctors were present. M. Thouret was the aggressor and kept M. Prevost on the defensive, but the latter's superior skill was soon manifested. During one of M. Thouret's precipitate charges he was wounded in the forearm but demanded that he be allowed to continue fighting. The doctors, however, peremptorily refused and the duellist left the field unconquered.

DR. HUNTER IN WASHINGTON.

Renews Charges Against Ex-Consul General McNally.

Washington, April 2.—Dr. Hunter, formerly United States minister at Honduras and Guatemala, was again at the state department Wednesday and finally managed to see Secretary Hay and renew the charges he had tried to bring before the department, alleging a conspiracy in connection with the killing of Fitzgerald on the part of J. J. McNally, formerly consul general at Guatemala City and now consul at Liege, Belgium. The secretary heard Dr. Hunter but reached the conclusion that the minister had no new presentation of facts which in the slightest degree affected the department's original decision as to where the blame lay. Accordingly the case will not be reopened and Mr. McNally will not be disturbed.

IMPERIAL TROOPS.

They Suffered Defeat, With Heavy Loss, at the Hands of Kwangsi Rebels.

LIU CHOW IS NOW SURROUNDED.

Three Revolutionary Armies Are Approaching Kweilin to Make a Joint Attack on City.

Several Cities in the Provinces of Yunnan and Kueichow Have Been Occupied By the Rebels and the Situation Is Serious.

Victoria, B. C., April 2.—News was received Wednesday by the steamer Empress of China that after defeating the imperial troops with heavy loss, the Kwangsi rebels have laid siege to Liu Chow, where Gov. Wang Chih Chen, who had been deposed and ordered to Peking, is surrounded. Kweilin, the provincial capital, is in a state of siege and three rebel armies were approaching that city to aid the besiegers in making a joint attack on the place. Viceroy Tsen, of Szechuan, has wired to Peking asking if the government was aware of the serious state of affairs at Kweilin. Gov. Wang Chih Chen had intended to proceed there from Nanking and marched his army from Liu Chow, not many miles distant from Kweilin. The imperial forces soon found themselves greatly harassed on all sides by the rebels, who almost surrounded the imperial troops and effectually prevented them from leaving the vicinity of Liu-chow. Gov. Wang Chih Cheng had to retreat with ignominy and with the loss of many headmen and 200 rifles. The roads are now all held by rebels and the commissary routes are blocked.

The rebellion in Kwangsi has become formidable and news has come from Yunnan and Kueichow that several cities within the borders of these two provinces have been occupied by the rebels. The authorities of these cities, for the sake of self-preservation, opened the gates as soon as the rebels appeared and offered them welcome.

Some of the desperate magistrates of Kwangsi, finding themselves powerless to resist the attacks of the rebels, have surrendered to them and have even ordered the people in their jurisdiction to help them with money and provisions.

A Peking correspondent says that Gov. Wang Chih Chen has sent a secret dispatch to Yang Lu, the grand secretary, asking that Gen. Su be cashiered, as his forces are aiding the rebels and not only communicating military secrets, but giving them arms and munitions and uniforms. Another report from the capital says that the governor has resigned, alleging that he finds the task of suppressing the rebellion beyond his powers.

DEATH'S HARVEST.

Prof. L. C. Grimes Succumbs to Operation for Appendicitis—Mrs. Eliza Osborne Dies at Ripley.

Prof. L. C. Grimes, who underwent a surgical operation for appendicitis at Cincinnati last Saturday, died in the hospital in that city Wednesday morning at 9:15 o'clock. A telegram received shortly before the BULLETIN went to press Wednesday announced that he was dying, and another telegram shortly afterwards brought the sad news that the end had come.

Prof. Grimes was born Feb. 15th, 1878, near Stevens' P. O., Adams County, O., and was a son of Mr. and Mrs. Frank M. Grimes. On April 9th, 1897, he married Miss Mary King, one of his schoolmates, daughter of a neighboring farmer, the ceremony taking place at Augusta. She survives, with two daughters, both beautiful children. Mr. Grimes had been a successful teacher a number of years at Orangeburg and other points. Last fall he was chosen Principal of the Fifth ward school, this city, a position he held at the time of his demise. He was a man of bright mind and of exemplary character, popular with his wide circle of friends, whose deepest sympathy goes out to the bereaved family.

The remains were brought here last evening and removed to the stricken home on East Second street, near Wood. Mr. Grimes was a member of the Aberdeen Lodge, F. and A. M., and of Wyandotte Tribe No. 3, I. O. R. M., and the remains will be interred with the honors of these orders Saturday afternoon in Charter Oak Cemetery, Aberdeen, the funeral taking place at the family residence at 1 p. m. The religious services will be conducted by Rev. W. A. Penn of Mitchell Chapel.

She was a daughter of the late Robert Lewis, and a sister of Benj. Lewis, of Ripley, and John Lewis, of Newport.

The funeral takes place this afternoon from the residence of Mrs. R. M. Lewis, after which the remains will be interred in Maplewood Cemetery, Ripley.

JUDGE FOR YOURSELF.

Which is Better, Try an Experiment or Profit by a Maysville Citizen's Experience.

Something new is an experiment. Must be proven to be as represented. The statement of a manufacturer is not convincing proof of merit. But the endorsement of friends is. Now suppose you had a bad back; a lame, weak or aching one, Would you experiment on it? You will read of many so-called cures, Endorsed by strangers from far away places.

It's different when the endorsement comes from home. Easy to prove ideal testimony.

Home endorsement is the proof that backs every box of Doan's Kidney Pills. Read this case:

Mr. Fred W. Bauer, job printer of 4 East Second street, says: "For a year or more I had considerable pain in my back. The secretions from the kidneys were dark and there was some inflammation of the bladder, evidenced by a sensation of scalding. Doan's Kidney Pills came to my knowledge and I procured them at J. Jas. Wood & Son's drug store, corner of West Second and Market streets. The treatment soon restored the kidney secretions to a natural color, ended the inflammation and banished the pain from my back. If a cold or any other cause should bring on a recurrence I now know what to use." Sold for 50 cents per box by all dealers. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

The marriage of Miss Tola Thomas Orr to Mr. Charles J. Winkler was quietly solemnized at 9 o'clock this morning at the home of the bride, Rev. Dr. J. O. Molloy officiating. Arrangements had previously been made to have the ceremony solemnized this evening at 8 o'clock at the residence of Dr. Molloy, but Mr. Winkler received a telegram this morning announcing the sudden death of his sister, Miss Nettie Winkler, of Richmond, Ky., and the change in the hour of the ceremony was made to enable him to leave on the afternoon train for Richmond.

The bride is the youngest daughter of Mr. George W. Orr, and is one of the city's most estimable young ladies.

The bridegroom has a position with the C. and O. and has been assisting the local agent of the road the past month or so. He and his young bride leave for Louisville in a few days where he goes to take a position as clerk in the office of the company at that point.

SMALLPOX!

Whereas, Smallpox has existed in Mason County at short intervals for the past four years, and, although repeatedly stamped out by the co-operation of the health and fiscal officials, has been re-imported from other States and sections and gained new footholds because so large a percent. of our people have failed to comply with the law requiring everybody to be vaccinated, and,

Whereas, Smallpox now exists and is becoming epidemic in Maysville and other sections of the county, and every unvaccinated person is a menace to the health, lives and business interests of the entire county,

Now, Therefore, be it known, That the Mason County Board of Health, in the exercise of authority vested in it by law, hereby requests and directs every unvaccinated person in this county to have himself or herself, and all children, wards or other persons dependent upon them, to be vaccinated at once, and requests and directs that every person whose mark is over five years old, to be re-vaccinated at once, and on and after April 8, 1903, it hereby places every house in Mason County which contains any person or persons, who have not been successfully vaccinated within five years, last past, in close quarantine: and it forbids any person to attend any school in this county, as teacher or pupil, or to go upon any church or other public assembly, or to go upon any street, highway or road, who has not been successfully vaccinated within five years, and it forbids any person or corporation to employ or to permit on his premises, in this county, as tenant or employee, any person who has not been successfully vaccinated within five years. The county will provide the virus and will pay for the vaccination of all persons who are unable to pay for the same, if they will apply in person to the physician in their precinct, or to the Health Officer.

IMPORTANT ANNOUNCEMENT

OF THE MAYSVILLE GAS COMPANY.

Under 2000 cu. ft. of Gas \$1.50 per 1000.
Over 2000 cu. ft. of Gas and under 3000 cu.
ft. \$1.25 per 1000.
3000 cu. ft. of Gas and over \$1 per 1000.

At a meeting of the Board of Directors of the
Maysville Gas Company held April 28th, 1903, it was
ordered that on and after the first day of April,
1903, the above sliding scale of price of gas for all
purposes, fuel and illuminating, should go into
effect for all private consumption, and that all
rates and discounts heretofore made are hereby
abolished.

It was further ordered that after the first of
April the old rule of the company "gas will be
turned off if account not paid with five days
after presentation" shall be enforced, impar-
tially and indiscriminately, regardless of whom
it may concern. (This action was taken not to
appear arbitrary nor with the idea that the ac-
counts of the consumers were not perfectly good at
any time during the month, or a year later for
that matter, but for the good of all concerned
and in order that this part of the business of the
company might be taken up at a specified time
during the month and disposed of, and further
in order that the time and thought of the com-
pany's agents and employees, now so largely oc-
cupied with this work of collecting, might for
the balance of the month be directed toward
giving consumers of gas better attention and
more efficient supply and service.

It was further ordered that beginning with
the first of May and for each and every month
hereafter, the monthly statement of account of
each consumer should be delivered to said con-
sumer by an agent of the company on the first
day of the month, or the second day, if the first
comes on Sunday, and that said account shall
thereafter within five days be due and payable at
the office of the company on Court street, May-
sville, Ky., and if not so paid, gas will be promp-
tly shut off.

The gas company further announces that, after
the first day of April, they will handle and sell
at cost price to gas consumers any of the great
variety of gas stoves and ranges made by the
Detroit Stove Works, Detroit, Mich., which price will be
equivalent to 50 per cent. discount from the list
prices in said catalogue. These stoves and ranges
will be sold for cash only, or according to the
terms of a private lease, whereby easy payments
are extended over a period of from twelve to
seventeen months. For instance, take a gas
range listed in catalogue at \$26, the gas company
will sell this range to consumer for \$3 cash or
for \$2.80 cash at signing of lease and 60 cents
a month for seventeen months, at the expiration
of which time the range is sole property of con-
sumer. The company has selected to handle the
Detroit Jewel Gas Range on account of its ac-
knowledgeled superiority and wide reputation for
durability and economical consumption of gas.

The gas company will also handle, at cost price
to consumer, the fixtures and mantles of the
Weisbach Company in all of their many attrac-
tive varieties.

Before closing this announcement the gas com-
pany wishes to publicly express appreciation of
the eminently fair, just and courteous treatment
accorded them by his honor, the Mayor, and the
Board of Council, particularly the Chairman and
members of the Gas Committee of that body,
through whose efforts in behalf of the private
consumers, the above concession in the price of
gas is now announced.

With the assurance to the citizens of Maysville
that it will be the earnest effort of the company
and its agents to at all times give them their best
possible service at the least cost, we beg to re-
main, very respectfully,
MAYSVILLE GAS CO.

P. S.—On and after April 1st the gas company
will have on exhibition at the plumbing estab-
lishment of Mr. Larry Langels on Market
street, samples of the Detroit Jewel Gas Ranges,
to the inspection of which those interested are
cordially invited. You can leave your order for
a range with any representative of the gas com-
pany, with Mr. Langels or your regular plum-
ber, with whom you will have to make arrange-
ments for the connecting and fitting up of range
in case of the placing of order.
